I would like to take this opportunity to introduce you to Essence@Eastleigh. We pride ourselves in providing a high quality, realistic salon service and learning environment.

Treatments will be carried out in one of our many salons and supervised by our highly trained and experienced staff members. The facilities include four beauty salons, a nail bar and three hairdressing salons, providing an admirable and relaxing environment.

Both the staff and students work hard to maintain our renowned high level of service, however I would be delighted to gain feedback on the service you receive, or any suggestions for improvements that you feel we could make.

We also work very closely with the local community and support a wide range of charitable and community events. If you wish Essence@Eastleigh to consider supporting your charitable or community event, then please get in touch.

The service we provide is based within our training environment and although we aim to provide a high standard, we would appreciate that you consider the following when making your booking with us:

- * Duration of treatments can vary
- * Booking times may be limited
- * Treatments need to be observed by the lecturer so a certain amount of privacy is restricted
- * It is not always possible to request the same therapist
- * Training conditions are reflected in the treatment price
- * All students are undergoing training, including the receptionists

We would like to make you aware that staff, students and customers are responsible for their own personal belongings, including those removed for treatment purposes. Eastleigh College is not responsible for the loss, damage or theft of any personal items. The College reserves the right to alter appointments at short notice to meet educational commitments.
